A robot is a machine—especially one programmable by a computer— capable of carrying out a complex series of actions automatically. Robots can be guided by an external control device or the control may be embedded within. Robots may be constructed on the lines of human form, but most robots are machines designed to perform a task with no regard to their aesthetics.

Every year, on the fourth Thursday of November, Americans celebrate the national holiday of Thanksgiving. Though feasts of thanksgiving date as far back as the first Christian explorers in North America, the "First Thanksgiving" is often associated with the feast shared between the Wampanoag Native Americans and European settlers at Plymouth Plantation in 1621.
