Yamaha marine engineers work with all forms of marine products from engines to boats to personal watercraft. Their enthusiasm and knowledge is what keeps Yamaha at the cutting edge of marine technology and keeps Yamaha as the number one manufacturer of outboard engines in the world.

[For all your marine supply needs including Outboards ...](#)

All marine inboard engines have exhaust risers. The exhaust riser has two functions: (1) to keep water from backing up into the engine through the exhaust piping and, (2) it serves as the device that introduces cooling water into the exhaust exit piping system. If the riser fails to accomplish either
