Juan Ponce de León arrived in the area named La Florida in 1513. He found between 150,000 and 300,000 Native Americans. But then two and a half centuries of contact with European and African peoples—whether through war, slave raids, or, most dramatically, foreign disease—decimated Florida's Indigenous population.

The Clash of Civilizations and the Remaking of World Order explains how the population explosion in Muslim countries and the economic rise of East Asia are changing global politics. These developments challenge Western dominance, promote opposition to supposedly “universal” Western ideals, and intensify intercivilization conflict over such ...
