The need to correct and update hospital records is out of the question—a standard operating procedure. Thus, every hospital form must undergo reviews for hospital forms before submission to have time in correcting errors. It takes a lot of work to update continuously, but giving patient satisfaction will be worth it.

However, a patient in ICU will cost the hospital much more than \$29,000 in care. For example, after 62 days in the hospital with COVID19, a Washington man's bill was \$1.1 million. Erin fails to mention what an actual COVID19 patient costs the hospital because this is merely a conspiracy theory of hers.
