Political theology is a term which has been used in discussion of the ways in which theological concepts or ways of thinking relate to politics. The term political theology is often used to denote religious thought about political principled questions. Scholars such as Carl Schmitt use it to denote religious concepts that were secularized and thus became key political concepts.

Until relatively recently biblical theology as a distinct discipline did not exist. Theology drew its verities directly from the biblical text, often with little linguistic, historical, and hermeneutical sophistication. The theological (and sometimes political or philosophical) commitments of church leaders dominated the way the Bible was read.
