[Principles of Economics, 10th Edition \(Karl E. Case, Ray C ...](#)

About This Edition. Principles of Economics (Sixth Edition) became a bestseller after its introduction and continues to be the most popular and widely used text in the economics classroom. Instructors found it the perfect complement to their teaching. A text by a superb writer and economist that stressed the most important concepts without overwhelming students with an excess of detail was a ...

This is particularly the case in the field of macroeconomics. That said, Mankiw does his best to present a fair and balanced approach to both micro- and macroeconomics. He leans to the right politically, having served under George W. Bush and worked for Mitt Romney, but you will seldom find such a well written textbook.
