Vladimir Lenin, the founder of the Soviet state, understood the role of ideas as a tool for motivating people and controlling the masses. The Bolsheviks relied on then novel, but now familiar, techniques—posters, fliers, mass rallies, news manipulation, and cooptation of the creative community of writers, poets, filmmakers, and artists.

The proliferation of mass media in the 20th century caused another shift in the study of rhetoric. Images in photography, film, and TV have become powerful tools of persuasion. In response, rhetoricians have expanded their repertoire to include not only mastery of the written and spoken word, but a grasp of the visual arts as well.
